

January 26, 1961

Mr. Bernard A. Tait
Mt. Carmel, Utah

Dear Mr. Tait:

Re: East Fork of the Virgin River
Distribution System

Reference is made to your letter of January 25, 1961, in which you refer to the appointment of a ditch rider for 1961, due to the demise of Mr. Gardner.

Mr. Gardner was appointed water commissioner by the State Engineer following our Water Users' Meeting of last year. Please be advised that we have a Water Users' Meeting set for your area, for the second week in February, 1961, wherein we will discuss this program with you. After the meeting, the State Engineer will then make the water assessment and appoint a successor to Mr. Gardner.

Will you please get in touch with Mr. Charles C. Anderson, Glendale, Utah, and see if he has made arrangements for a meeting place, as we are anxious to complete these plans.

Very truly yours,

Donald C. Norseth,
Distribution Engineer

Office of the State Engineer
403 State Capitol
Salt Lake City 1, Utah

Dear Sirs:

I am writing this letter to see if you would advise me as to the Mt. Carmel Irrigation Company's share of the cost for the Ditch Rider this past year.

We will have to appoint another, as Mr. Gardner was killed in an automobile accident Dec. 1, 1960.

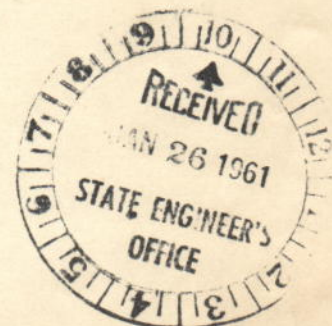

Would you please inform me as to whether there was any money left from the \$140.58 that we sent you last year?

Hope you can please give me this information.

Respectfully yours,

Bernard A. Tait
